MVP Registration: Overview

Overview

MVPs are one way to meet your MIPS reporting requirements for the 2026 performance year. You must sign in to the [QPP website](#) and register in advance to report an MVP.

- To register, an individual at your organization will need a HCQIS Access and Roles Profile (HARP) account with the Quality Payment Program (QPP) Security Official Role.
 - For more information on HARP accounts, please refer to the Register for a HARP Account document in the [QPP Access User Guide \(ZIP, 4MB\)](#).
 - For more information on obtaining the QPP Security Official role, review the Connect to an Organization document in the [QPP Access User Guide \(ZIP, 4MB\)](#).

What's New with MVP Registration

Starting in 2026, to register for MVP reporting as a group, your practice will need to attest to their specialty composition (whether you're a single specialty group or multispecialty small practice) during the MVP registration process. We won't make this determination for you.

Who Can Register as a Group?

Small Practices

A single Taxpayer Identification Number (TIN) with 15 or fewer clinicians. Single specialty and multispecialty small practices can register as groups to report MVPs.

Single specialty group

A TIN with clinicians involved in a single focus of care regardless of the number of specialty types and practice size.

For example, a group consisting of internists, cardiologists, nurse practitioners, and physician assistants that are focused on providing cardiovascular care could attest to being a single specialty group and register to report an MVP as a group.

What about multispecialty groups that aren't small practices?

Starting in 2026, multispecialty groups with 16 or more clinicians won't be able to report an MVP as a group. Instead, they may form subgroups or report individually.

MVP Registration: Registration Steps

Sign into Your QPP Account

Sign in to your QPP Account on the [QPP website](#) using your HARP credentials.

MVP and subgroup registration is limited to users with the QPP Security Official role for the practice (TIN) or Alternative Payment Model (APM) Entity.

- Security officials for the practice (TIN) can complete individual, group, and subgroup registrations.

Don't have a HARP ID or the QPP Security Official role? Refer to [this FAQ](#) for more information

Scoring reminder: We will calculate all available population health measures within the selected MVP and apply the highest achieving measure to your quality score. If you don't meet case minimum for either population health measure, the measure will be excluded from scoring. The population health measures don't count towards the 4 required quality measures.

MVP Registration – APM Entity (Continued)

When registering for an MVP that includes an outcomes-based administrative claims measure, you'll be prompted to indicate whether the MVP participant would like to be evaluated on it as one of your quality measures.

Scoring reminder: If you don't meet case minimum for the outcomes-based administrative claims measure, you'll receive 0 out of 10 points for the required outcome measure unless you submit another outcome measure available within the MVP.

MVP Registration – Group (Continued)

Changes are saved automatically once an MVP is selected. A registration summary will be available to download for your records.

Registrations may be edited or deleted until registration closes on Monday, November 30, 2026, at 8 p.m. ET.

The screenshot shows the 'MVP Registration Details' page. At the top, there are navigation links for 'Account Home', 'Registration', and 'MVP Registration'. The year '2026' is displayed in a dropdown menu. Below the header, there is a 'Back to MVP Registration' link, a green checkmark icon with the text 'ALL CHANGES SAVED', and a 'Delete Registration' button. The main content area displays 'VM MEDICAL GROUP (QPP) (APM Entity ID: CA9521)' and a 'Download Registration Summary' button. A light blue information banner at the bottom states: 'You can update or delete your APM entity registration through November 20, 2026'.

The APM Entity for which the MVP Registration was completed will now display an **MVP Registration Status** with **Complete** on the **Registration Portal**.

The screenshot shows the details for 'VM MEDICAL GROUP (QPP)'. It includes the text 'MIPS APM | APM Entity ID: CA9521 | PRIMARY CARE FIRST MODEL' and 'MVP: Focusing on Women's Health (M1366)'. A red box highlights the 'MVP Registration Status: ✓ Complete' text, with a red arrow pointing from the text in the previous block to this status. There is also a 'Download Registration Summary' link and an 'Edit APM entity registration' button.

MVP Registration: Frequently Asked Questions

Frequently Asked Questions

What if I don't have a HARP ID or QPP Security Official role?

You need both a HARP ID and the QPP Security Official role for your organization to submit an MVP registration.

- The Security Official for a practice can submit an MVP registration on behalf of an individual, group, or subgroup.
- The Security Official for an APM Entity can submit an APM Entity MVP registration.

To learn about HARP account registration, review **Step 1. Register for a HARP Account** in the [Quality Payment Program Access Guide \(ZIP, 4MB\)](#).

To learn about QPP roles, review **Step 2a. Connect to an Organization** in the [Quality Payment Program Access Guide \(ZIP, 4MB\)](#).

Can our third party intermediary complete our MVP (and subgroup if applicable) registration?

No. Only the practice or APM Entity Security Official can complete MVP registration.

Can we update our registration?

Yes, you can update your registration on the QPP Website until the deadline on Monday, November 30, 2026, at 8 p.m. ET. MVP (and subgroup) registrations are final once the registration period closes.

Can I update our subgroup after the registration period closes to remove clinicians that aren't required to report?

No. Subgroup registrations are final once the registration period closes.

Frequently Asked Questions

Once we're registered for an MVP, do we have to report it?

No. Even if you register to report an MVP, you can still choose to report Traditional MIPS (or the APM Performance Pathway [APP] if applicable) instead (or in addition to your MVP reporting). As a reminder, the subgroup participation option is only available for MVP reporting; MIPS eligible clinicians that registered to report as a subgroup would need to report traditional MIPS or the APP as individuals, as a group, or as an APM Entity (if applicable) if they don't report the MVP.

If you complete an MVP registration but don't ultimately report the MVP, you'll receive the highest final score that can be attributed to you from any reporting option and participation option, with the exception of virtual groups.

We would like to submit the Consumer Assessment of Healthcare Providers and Systems (CAHPS) for MIPS Survey for 1 of our 4 required quality measures, how do we do this?

Groups, subgroups*, and APM Entities that register for an MVP that includes the CAHPS for MIPS Survey as an available quality measure will also need to complete a separate registration by June 30, 2026, at 8 p.m. ET. Visit the QPP website to [learn more about CAHPS for MIPS Survey registration](#).

- The CAHPS for MIPS Survey is available as a quality measure within the following MVPs:
 1. Adopting Best Practices and Promoting Patient Safety within Emergency Medicine MVP (MVP ID: G0057)
 2. Advancing Cancer Care MVP (MVP ID: M0001)
 3. Optimal Care for Patients with Urologic Conditions MVP (MVP ID: M1423)
 4. Value in Primary Care MVP (MVP ID: M0005)
 5. Vascular Surgery (MVP ID: M1503)

*The CAHPS for MIPS Registration system isn't available to subgroups. Please contact the QPP Service Center for assistance with subgroup registration for CAHPS for MIPS.

Contact the QPP Service Center by email at QPP@cms.hhs.gov, by creating a [QPP Service Center ticket](#), or by phone at 1-866-288-8292 (Monday through Friday, 8 a.m. - 8 p.m. ET).

Frequently Asked Questions

Can we register and then become ineligible for reporting the MVP we registered for?

Yes, if you register to report an MVP as an individual or group*. You can't voluntarily report or opt-in to MVP reporting; you must be MIPS eligible to report an MVP.

Eligibility timeline:

- Initial 2026 MIPS eligibility was available in December 2025, before the 2026 MVP registration period.
- Final 2026 eligibility will be available by early December 2026.

Just as with traditional MIPS, individuals and groups that register for an MVP must confirm their final eligibility for the 2026 performance year when it's published on the [QPP Participation Status](#) tool.

An individual (identified by TIN/NPI combination) or group (identified by TIN) that becomes ineligible or opt-in eligible when final eligibility is released can't report the MVP they registered for.

Instead, they can:

1. Voluntarily report [traditional MIPS](#).
2. Opt-in to traditional MIPS reporting (if applicable).
3. Do nothing/don't report. (Ineligible and opt-in eligible clinicians and groups aren't required to report.)

***Please note that this doesn't apply to subgroups.** We only use initial eligibility results to determine a subgroup's eligibility to register for and report an MVP ([83 FR 70043](#)). If the subgroup's affiliated group becomes ineligible or opt-in eligible when final eligibility is released, the subgroup can still report the MVP for which they registered. If the subgroup reports, the MIPS eligible clinicians (eligible at either the individual or group level) in the subgroup will receive the associated payment adjustment.

Where can I learn more about eligibility?

You can learn more about eligibility and how it can change by reviewing the [QPP website](#) and the 2026 MIPS Participation and Eligibility User Guide once available.
