

2026 Merit-based Incentive Payment System Automatic Extreme and Uncontrollable Circumstances Policy

UPDATED: 05/08/2026

Purpose

The Merit-based Incentive Payment System (MIPS) automatic extreme and uncontrollable circumstances (EUC) policy was established to support clinicians affected by natural disasters and public health emergencies. Clinicians affected by certain circumstances may have their performance categories reweighted and receive a neutral payment adjustment. This resource addresses the automatic MIPS EUC policy as it applies to **individual MIPS eligible clinicians** for the 2026 performance year.

MIPS eligible clinicians who qualify for the automatic MIPS EUC policy in the 2026 performance year aren't required to submit MIPS data.

- If no data is submitted, these clinicians will receive a final score of 75 points and a neutral (0%) payment adjustment in the 2028 MIPS payment year.
- If data is submitted by or on behalf of these clinicians, it will be scored and these clinicians will receive a final score and MIPS payment adjustment in accordance with existing MIPS scoring policies.
- The MIPS automatic EUC policy (and this fact sheet) only applies to MIPS eligible clinicians participating as individuals.
- The MIPS automatic EUC policy doesn't apply to group, subgroup, virtual group, or Alternative Payment Model (APM) Entity participation.
- The [2026 MIPS EUC Exception application](#) is available and will remain open until December 31, 2026, 8 p.m. ET.

Who Does the MIPS Automatic EUC Policy Apply to?

The MIPS automatic EUC policy applies to MIPS eligible clinicians identified as located in a [Centers for Medicare & Medicaid Services \(CMS\)-designated region](#) affected by extreme and uncontrollable circumstances such as a

[Federal Emergency Management Agency \(FEMA\)-designated major disaster](#) or [public health emergency](#) (as determined by the Secretary of Health and Human Services) during the 2026 performance year.

For these clinicians, we aim to reduce their reporting burden by eliminating the need to submit an application to request reweighting of one or more MIPS performance categories. We'll update this resource as qualifying circumstances are identified that trigger this policy.

The MIPS automatic EUC policy doesn't apply to group, subgroup, virtual group, or APM Entity participation.

- Groups that submit data will be scored according to existing MIPS scoring policies. The MIPS eligible clinicians in the group will receive the group's final score and associated payment adjustment unless they have a higher score from individual or APM Entity participation.
- Clinicians that register to report a MIPS Value Pathway (MVP) as a subgroup and submit data will be scored according to existing MIPS scoring policies. The MIPS eligible clinicians in the subgroup will receive the subgroup's final score and associated payment adjustment unless they have a higher score from individual, group, or APM Entity participation.
- Virtual groups (regardless of data submission) will be scored according to existing MIPS scoring policies. The MIPS eligible clinicians in the virtual group will receive the virtual group's final score and associated payment adjustment.
- APM Entities that submit MIPS data will be scored according to existing MIPS scoring policies. MIPS eligible clinicians in the APM Entity will receive the APM Entity's final score and associated payment adjustment unless they have a higher score from individual or group participation.

How Does the MIPS Automatic EUC Policy Work?

We identify MIPS eligible clinicians in CMS-designated areas that have been affected by an extreme and uncontrollable circumstance based on the address associated with the clinician in the Provider Enrollment, Chain, and Ownership System (PECOS), which is the practice address, displayed on the [QPP Participation Status Tool](#).

MIPS eligible clinicians who are automatically identified and subject to MIPS will have all 4 performance categories weighted at 0% of their final score.

We make every effort to accurately identify all clinicians who are eligible for this policy. **Clinicians should ensure that the practice address listed in PECOS is current and sign in to the [QPP website](#) to check their performance feedback (available summer 2027) to ensure they were scored correctly.**

Note: The [QPP Participation Status Tool](#) will be updated in December 2026 to identify the clinicians who qualify for the MIPS automatic EUC policy in the 2026 performance year.

Individual clinicians will automatically have all 4 MIPS performance categories reweighted to 0% and receive a score equal to the performance threshold, which will result in a neutral payment adjustment for the 2028 MIPS payment year **unless**:

- The clinician submits data, or can be scored, as an individual for 2 or more MIPS performance categories (quality, improvement activities, and/or Promoting Interoperability):

- A qualifying data submission by individual clinicians voids the 0% performance category weight on a category-by-category basis. A non-qualifying (incomplete) submission for a performance category won't void its 0% weighting;
- Clinicians who participate in an APM are eligible to receive automatic credit in the improvement activities performance category; for these MIPS eligible clinicians, submitting data for the quality and/or Promoting Interoperability performance categories will initiate a score in the improvement activities performance category (they'll automatically receive 20 out of 40 possible points);
- Clinicians will receive a final score based on the data submitted and available for scoring;
- The clinician is part of a group, subgroup, or APM Entity that submits data on behalf of its clinicians; OR
- The clinician is part of a virtual group.

Under the MIPS automatic EUC policy, **the cost performance category will always be weighted at 0%**, even if a qualifying data submission (submitted at the individual level) are submitted for the other performance categories.

As a reminder, the MIPS automatic EUC policy doesn't apply to group, subgroup, virtual group, or APM Entity participation.

For a more detailed explanation of how your performance categories will be reweighted under the automatic policy based on data submission, please refer to [Appendix A](#).

Frequently Asked Questions

How do I know if I'm in an area designated by CMS as being affected by an extreme and uncontrollable circumstance?

We communicate information about events and circumstances that trigger the MIPS automatic EUC policy through the QPP listserv. You can subscribe to the QPP listserv on the [QPP website](#) by scrolling to the bottom of the webpage. In addition, we'll update this fact sheet to identify qualifying events or changes to previously identified events.

We're applying this policy to clinicians in the following designated area(s) listed on the FEMA website under PA-A and PA-B:

- The designated municipalities in the Commonwealth of the Northern Mariana Islands for Super Typhoon Sinlaku.
 - [Commonwealth of the Northern Mariana Islands: DR-4910-MP](#)
- The designated counties in Hawaii for Kona Low Weather Systems.
 - [Hawaii: DR-4909-HI](#)

If, and when we identify qualifying events, you can find information about designated disaster areas in this fact sheet and on the [CMS Emergency Preparedness & Response Operations webpage](#). Clinicians can monitor these pages for updates on designated disaster areas. [Appendix B](#) lists the counties identified as located in CMS-designated areas that have been affected by an extreme and uncontrollable circumstance.

Note: It is at CMS' discretion whether or not a region affected by extreme and uncontrollable circumstances is identified as having qualified to trigger the MIPS automatic EUC policy.

If you experienced an extreme and uncontrollable circumstance that didn't trigger the MIPS automatic EUC policy, you may submit a [2026 MIPS EUC Exception application](#), which is available and will remain open until December 31, 2026, 8 p.m. ET.

What if I'm part of a group, subgroup, virtual group, or APM Entity where some, but not all, clinicians are located in areas designated by CMS as affected by an extreme and uncontrollable circumstance?

The automatic EUC policy will only apply to individual MIPS eligible clinicians located in the designated area. CMS will assign a weight of 0% to all performance categories, resulting in a neutral payment adjustment for the 2028 MIPS payment year to MIPS eligible clinicians located in the designated area(s), **unless** your group, subgroup or APM Entity submits data on your behalf during the 2026 submission period (January 4, 2027 – March 31, 2027) or you're part of a CMS-approved virtual group.

If a group, subgroup, or APM Entity with clinicians who qualify for the automatic EUC policy chooses to submit data at the group, subgroup, or APM Entity level for the 2026 performance year, they will be scored as a group, subgroup, or APM Entity according to the existing and applicable 2026 MIPS scoring policies.

All CMS-approved virtual groups will be scored as a virtual group according to existing MIPS scoring policies, regardless if they submit data or not.

Groups and virtual groups can complete an EUC Exception application if the extreme and uncontrollable circumstance affects their ability to collect data, at the group or virtual group level, for a specific MIPS performance category or categories. (Subgroups will inherit any reweighting approved for their affiliated group; they can't request reweighting independent of their affiliated group's status.) APM Entities also may submit an application but must request reweighting for all performance categories.

What should I do if I'm eligible for the MIPS automatic EUC policy, but my performance feedback doesn't reflect the correct reweighting?

If you believe that you qualified for the automatic EUC policy, but don't see it reflected in your performance feedback, you should submit a targeted review. Targeted reviews can be requested upon release of 2026 MIPS final scores and for 30 days after 2028 MIPS payment adjustments are released.

What happens if I'm a MIPS eligible clinician covered by the MIPS automatic EUC policy, but I still submit data as an individual?

It depends on the number of performance categories for which you submit data **as an individual**. (**Reminder:** The automatic EUC policy **doesn't** apply to group, subgroup, virtual group, or APM Entity participation.)

- A qualifying data submission for 1 performance category (or no data submission at all) means that you'll receive a final score equal to the performance threshold and receive a neutral (0%) payment adjustment.
 - **Note:** If you participate in an APM, you're eligible to receive automatic credit in the improvement activities performance category. A qualifying data submission for the quality or Promoting Interoperability performance categories will initiate a score in the improvement activities performance

category (20 out of 40 possible points), and you'll receive a final score based on the data submitted and available for scoring.

- A qualifying data submission for 2 or 3 performance categories (quality, improvement activities, and/or Promoting Interoperability) means that you'll be scored on the performance categories for which you submitted data. Your final score will determine your payment adjustment.
 - **Note:** If you participate in an APM, you're eligible to receive automatic credit in the improvement activities performance category. A qualifying data submission for the quality and Promoting Interoperability performance categories will initiate a score in the improvement activities performance category (20 out of 40 possible points), and you'll receive a final score based on the data submitted and available for scoring.
- You **won't** be scored in any performance category for which a qualifying data submission isn't received (see exception noted above for APM participants).
- You **won't** be scored on the cost performance category under the automatic EUC policy even if data are submitted in other performance categories.

What happens if I've already reported quality measures through Medicare Part B claims?

If a MIPS eligible clinician in a small practice has reported quality measures through Medicare Part B claims **and** qualifies for the automatic EUC policy, their Medicare Part B claims data would only contribute to their individual final score if they also submit data as individuals for either the Promoting Interoperability or improvement activities performance categories.

Where Can I Learn More?

- [QPP Exception Applications webpage](#)
- [FEMA-Designated Disaster Areas webpage](#)
- [CMS's Emergency Preparedness & Response Operations webpage](#)
- [HHS's Declarations of a Public Health Emergency webpage](#)

To receive QPP information and updates, you can subscribe to the [QPP listserv](#) by scrolling to the bottom of the QPP webpage. You can also contact the QPP Service Center by email QPP@cms.hhs.gov, creating a [QPP Service Center ticket](#), or calling 1-866-288-8292 (Monday through Friday 8 a.m. – 8 p.m. ET). Please consider calling during non-peak hours—before 10 a.m. and after 2 p.m. ET. People who are deaf or hard of hearing can dial 711 to be connected to a TRS Communications Assistant.

Version History

Date	Change Description
05/08/2026	Updated to reflect that the automatic EUC policy applies to certain municipalities in the Commonwealth of the Northern Mariana Islands following Super Typhoon Sinlaku, and certain counties in Hawaii following Kona Low Weather Systems.
04/20/2026	Original version.

Appendix A

Table 1 depicts the 2026 MIPS performance category reweighting policies that CMS will apply under the MIPS automatic EUC policy to clinicians with qualifying data submissions (submitted at the individual level). (Clinicians in a small practice should refer to [Table 2](#).)

Table 1: Reweighting for Clinicians Not in a Small Practice

Data Submitted	Quality Category Weight	Promoting Interoperability Category Weight	Improvement Activities Category Weight	Cost Category Weight	Payment Adjustment
No data	0%	0%	0%	0%	Neutral
Qualifying Data Submission for 1 Performance Category					
Quality Only ¹	100%	0%	0%	0%	Neutral
Promoting Interoperability Only ¹	0%	100%	0%	0%	Neutral
Improvement Activities Only	0%	0%	100%	0%	Neutral
Qualifying Data Submission for 2 Performance Categories					
Quality and Promoting Interoperability ¹	70%	30%	0%	0%	Positive, Negative, or Neutral
Quality and Improvement Activities	85%	0%	15%	0%	Positive, Negative, or Neutral
Improvement Activities and Promoting Interoperability	0%	85%	15%	0%	Positive, Negative, or Neutral
Qualifying Data Submission for 3 Performance Categories					
Quality and Improvement Activities and Promoting Interoperability	55%	30%	15%	0%	Positive, Negative, or Neutral

¹ APM participants are eligible to receive automatic credit in the improvement activities performance category; for these MIPS eligible clinicians, submitting data for the improvement activities performance category or the quality **and** Promoting Interoperability performance categories will initiate a score in the improvement activities performance category (20 out of 40 possible points), and they'll receive a final score based on the data submitted and available for scoring.

Table 2 depicts the 2026 MIPS performance category reweighting policies that CMS will apply under the MIPS automatic EUC policy to clinicians in small practices data with qualifying data submissions (submitted at the individual level).

Table 2: Reweighting for Clinicians in a Small Practice

Data Submitted	Quality Category Weight	Promoting Interoperability Category Weight	Improvement Activities Category Weight	Cost Category Weight	Payment Adjustment
No data	0%	0%	0%	0%	Neutral
Qualifying Data Submission for 1 Performance Category					
Quality Only ²	100%	0%	0%	0%	Neutral
Promoting Interoperability Only ²	0%	100%	0%	0%	Neutral
Improvement Activities Only	0%	0%	100%	0%	Neutral
Qualifying Data Submission for 2 Performance Categories					
Quality and Promoting Interoperability ²	70%	30%	0%	0%	Positive, Negative, or Neutral
Quality and Improvement Activities	50%	0%	50%	0%	Positive, Negative, or Neutral
Improvement Activities and Promoting Interoperability	0%	85%	15%	0%	Positive, Negative, or Neutral
Qualifying Data Submission for 3 Performance Categories					
Quality and Improvement Activities and Promoting Interoperability	55%	30%	15%	0%	Positive, Negative, or Neutral

² APM participants are eligible to receive automatic credit in the improvement activities performance category; for these MIPS eligible clinicians, submitting data for the quality and/or Promoting Interoperability performance categories will initiate a score in the improvement activities performance category (20 out of 40 possible points), and they'll receive a final score based on the data submitted and available for scoring.

Appendix B

The table below lists the affected areas located in a CMS-designated region affected by an extreme and uncontrollable circumstance during the 2026 MIPS performance year. (This information is current as of the most recent date in the version history table and may not reflect changes that have been identified on the FEMA disaster declaration webpage after publication.)

Commonwealth of the Northern Mariana Islands Super Typhoon Sinlaku – DR-4910-MP		
Note: The automatic EUC policy applies to the following municipalities in the Commonwealth of the Northern Mariana Islands:		
PA-A Northern Islands Rota	Saipan	Tinian
PA-B Northern Islands Rota	Saipan	Tinian

Hawaii Kona Low Weather Systems – DR-4909-HI		
Note: The automatic EUC policy applies to the following counties in Hawaii.		
PA-A Hawaii	Honolulu	Maui
PA-B Hawaii	Honolulu	Maui
