Overview

What is the Quality Payment Program?

The Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) ended the Sustainable Growth Rate (SGR) formula, which would have resulted in a significant cut to Medicare payment rates for clinicians. MACRA advances a forward-looking, coordinated framework for clinicians to successfully participate in the QPP, which rewards value in 1 of 2 ways:

If you are a MIPS eligible clinician, you will be subject to a performance-based payment adjustment through MIPS.

Beginning in 2024, if you participate in an Advanced APM and achieve Qualifying APM Participant (QP) status, you may be eligible for an increased QP conversion factor and will be excluded from MIPS.

What is the Merit-based Incentive Payment System?

MIPS is one way to participate in QPP. Under MIPS, we evaluate your performance across multiple categories that lead to improved quality and value in our healthcare system.

Promoting Interoperability

Assesses your promotion of patient engagement and electronic exchange of health information using certified electronic health record technology (CEHRT).

Improvement Activities

Assesses your participation in activities that improve clinical practice and support patient engagement.

Quality

Assesses the quality of care you deliver based on measures of performance.

Cost

Assesses the cost of the care you provide based on your Medicare Part B claims.

What is the Merit-based Incentive Payment System?

If you're eligible for MIPS in 2024:

- You have to report measure and activity data for the [quality](#), [improvement activities](#), and [Promoting Interoperability](#) performance categories.
 - Exceptions to these reporting requirements include your [MIPS reporting option](#), [special status](#), clinician type, [extreme and uncontrollable circumstances](#) or [hardship exception](#). Detailed information will be available in the forthcoming 2024 Traditional MIPS Scoring Guide, 2024 APP Scoring Guide and 2024 MIPS Value Pathways Implementation Guide. These will be posted to the [QPP Resource Library](#).
- We collect and calculate data for the [cost](#) performance category for you, if applicable.
 - Exceptions include your [MIPS reporting option](#), [participation option](#), [extreme and uncontrollable circumstances](#) and whether or not you meet case minimum for any cost measures.
- Your performance across the MIPS performance categories, each with a specific weight, will result in a MIPS final score of 0 to 100 points.
- Your MIPS final score will determine whether you receive a negative, neutral, or positive MIPS payment adjustment.
 - Positive payment adjustment for clinicians with a 2024 final score above 75.
 - Neutral payment adjustment for clinicians with a 2024 final score equal to 75.
 - Negative payment adjustment for clinicians with a 2024 final score below 75.
- Your MIPS payment adjustment is based on your performance during the 2024 performance year and applied to payments for your Medicare Part B-covered professional services beginning on January 1, 2026.

To learn more about MIPS eligibility and participation options:

- Visit the [How MIPS Eligibility is Determined](#) and [Participation Options Overview](#) webpages on the [Quality Payment Program website](#).
- Check your current participation status using the [QPP Participation Status Tool](#).

Get Started with MIPS in 6 Steps

6 Steps for MIPS Participation in the 2024 Performance Year

The [Appendix](#) provides a snapshot of the 2024 performance year timelines and associated activities.

STEP 1

Check Your Current Eligibility for the 2024 Performance Year

Enter your 10-digit National Provider Identifier (NPI) in the [QPP Participation Status Tool](#) on the QPP website.

Your preliminary eligibility is available now and your final eligibility will be available in December 2024.

The next few pages will review the possible preliminary eligibility results displayed in the QPP Participation Status Tool and what these results mean for you.

- Please note that we evaluate clinicians for eligibility to participate at both the individual and group level.

For more information about eligibility:

Review the [2024 MIPS Eligibility & Participation Quick Start Guide](#).

STEP 1

Check Your Current Eligibility for the 2024 Performance Year (Continued)

QPP Participation Status Tool Results

1. If you see this on the QPP Participation Status Tool, you're **currently required** to participate in MIPS, either as an individual or group.

MIPS Eligibility: ✓ INDIVIDUAL ✓ GROUP

This could change when eligibility data is updated in December 2024 if you fall below the low-volume threshold, but you should be prepared to submit data.

2. If you see this on the QPP Participation Status Tool, you're **not required** to participate in MIPS but **can choose** to do so at the group level.

MIPS Eligibility: ⓧ INDIVIDUAL ✓ GROUP

The option to participate as a group could change when eligibility data is updated in December 2024 if the group falls below the low-volume threshold.

3. If you see this on the QPP Participation Status Tool, you're **not required** to participate in MIPS but **currently have the option to opt-in to report MIPS as an individual** and receive a payment adjustment. The practice can also choose, but isn't required, to report as a group.

This could change when eligibility data is updated in December 2024 if the individual or group falls below the low-volume threshold.

STEP 2 Select a Reporting Option

Original Reporting Option

- [Traditional MIPS](#), established in the first year of the Quality Payment Program, is the original MIPS reporting option. You select the quality measures and improvement activities that you'll collect and report from the complete MIPS inventory. You report the complete set of Promoting Interoperability measures and attestations. We collect and calculate data for the cost performance category for you.

Newest Reporting Option

- [MIPS Value Pathways \(MVPs\)](#) are the newest way to fulfill MIPS reporting requirements. MVPs include a subset of measures and activities that are related to a given specialty or medical condition. MVPs offer reduced reporting requirements, allowing MVP participants to report on a smaller, more cohesive subset of measures and activities (within the measures and activities available for traditional MIPS).
→ There are [16 MVPs available](#) to report for the 2024 performance year. [Check to see if there's an MVP relevant to your practice.](#)

MIPS APM Participants Only

- The [Alternative Payment Model \(APM\) Performance Pathway](#), or APP, is a streamlined reporting framework, with a specified quality measure set, available to clinicians who participate in a MIPS APM. The APP is designed to reduce reporting burden, create new scoring opportunities for participants in MIPS APMs, and encourage participation in APMs.

Are You in a Medicare Shared Savings Program Accountable Care Organization (ACO)?

- If you're in a Shared Savings Program ACO, your ACO will report quality data on your behalf. Shared Savings Program ACOs are required to report via the APM Performance Pathway (APP).

STEP 3

Choose How You'll Participate

"Participation options" refers to the levels at which data can be collected and submitted, or "reported", to CMS for MIPS.

- **Individual:** Collect and submit data for an individual MIPS eligible clinician.
- **Group:** Collect and submit data for all clinicians in the group.
- **Virtual Group:** Collect and submit data for all clinicians in a CMS approved virtual group (traditional MIPS only). Virtual group elections are submitted to CMS prior to the performance year – the virtual group election period for the 2024 performance year closed on December 31, 2023.
- **APM Entity:** Collect and submit data for MIPS eligible clinicians identified as participating in the MIPS APM.
- **Subgroup:** This is a new participation option only available to clinicians reporting an MVP. Advance registration is required.

For more information about participation options visit the [Participation Options Overview](#) webpage on the [Quality Payment Program](#) website.

Your eligibility informs your participation options.

This clinician is eligible at the individual and group levels and can choose whether to participate as an individual, group, or subgroup:

MIPS Eligibility: ☒ INDIVIDUAL ☒ GROUP

This clinician is only eligible at the group (or subgroup) level, any data submitted by the individual would be considered voluntary. There's no requirement to participate as a group, but if a practice chooses to participate as a group, its clinicians will receive a payment adjustment:
